I think this course is quite organized, and I like your lectures, but the assignment could be split up to smaller pieces.

I enjoyed the course. The material presented was reasonable and useful in the "Real" world. ~~I~~ I feel that now I am able to go out into the workforce and not be completely lost. The only thing that was unfortunate was that you were not here for the week before the assignment was due..... I know I should have started it earlier but what can I say; I'm one of those typical students!!

Thanks
